

SECTION I - PREAMBLE:

Situations occur where school employees experience serious illnesses or accidents and have used all their leave and have no other source of support. Friends and colleagues have often offered to volunteer their sick leave days but there was no proper way this could be done. Therefore, the intent of the Sick Leave Bank is to provide an official vehicle for the provision of relief for individual district employees experiencing a catastrophic illness, disability, or serious accident. **The Sick Leave Bank does not apply to leave needed to care for relatives of GMCS employees.**

SECTION II - DEFINITIONS:

1. Sick Leave Bank - A bank formed by the voluntary contribution of accrued sick leave days by employees for employees to provide additional sick leave when an illness or serious accident occurs that requires extended hospitalization and/or home confinement equal to, or in excess of 10 working days. All available sick leave, personal leave, annual leave and Paid Time Off (PTO) must be exhausted before days from the Sick Leave Bank may be utilized. However, application to the Sick Leave Bank needs to be made before available sick leave is exhausted.
2. Catastrophic Illness - An illness not consistent with ordinary illness, i.e., cancer, heart attack, stroke, major surgery and requiring absence from employment equal to, or in excess of 10 working days.
3. Disability - Illness, accident or injury disabling an individual from employment equal to, or in excess of 10 working days.
4. Serious Accident - Accident requiring extensive and intensive hospitalization or at home care, which prevents the employee from performing his/her work duties equal to, or in excess of 10 working days.

SECTION III - ELIGIBILITY:

1. An employee must voluntarily contribute one day of available sick leave or PTO to the Bank to participate in the Bank.
2. Employees who would like to join the Sick Leave Bank may do so on their first anniversary or annually on the anniversary of employment by donating a day of accrued sick leave or PTO within 30 days following their anniversary date to the Bank.
3. Returning employees will not need to donate another day of sick leave unless the Sick Leave Bank runs below 350 days. If there is a recall for additional days, all employees wishing to remain a member of the Sick Leave Bank must contribute a day to maintain their membership.

During a recall, open enrollment is available to all non-members who have at least one year of employment and at least one day of sick leave or PTO available.

4. The employee will not receive double reimbursement. If the employee will receive another form of reimbursement such as a liability lawsuit award, disability retirement, short or long-term disability, worker's compensation, etc., then the employee is not eligible for Sick Leave Bank days. If the employee has already been awarded days and received other reimbursement, the employee agrees to repay the school district for the days awarded.
5. All available leave must be used by an employee to be eligible to receive days from the Bank.
6. The applicant must be experiencing a catastrophic illness, a disability or a serious accident as defined above, in Section II.
7. Part- time contractual staff shall be eligible for Sick Leave Bank participation if they work 20 hours or more per week and have at least one day of sick leave/ PTO available to donate.
8. Employees on a leave of absence as defined in the Gallup McKinley County School policy, lose their status as Sick Leave Bank members and are thus not eligible to participate in the Sick Leave Bank. Members returning from a leave of absence who do not have accumulated sick leave/PTO will need to earn and then donate another day to the Sick Leave Bank to be reinstated.

SECTION IV - EXCLUSIONS:

1. Routine pregnancy with normal delivery with no pre and/or post complications.
