III. Policy for Prohibition of Harassment, Discrimination, or Violence Based on Race, Religion, Sex, Sexual Orientation, Gender Identity, Disability, Age, National Origin, Maternity, or Veteran Status (As Written in Article V.1.0 for Licensed Staff; Article VI.1.0 for Non-licensed Staff; Article VIII. 12.0 for Students) Revised by GMCS Board of Education 12/15/03.

A. Introduction

It is the policy of Gallup-McKinley County Schools ("the District") to maintain a learning and working environment that is free from racial, religious, sex, sexual orientation, gender identity, disability, national origin, maternity, veteran status, or age harassment, discrimination, or violence. Therefore, the District prohibits any form of racial, religious, sex, disability, or age harassment, discrimination, or violence.

B. It shall be a violation of this policy for any student, teacher, administrator or other school personnel of the district to harass, discriminate, inflict, threaten to inflict, or attempt to inflict violence against a student, teacher, administrator, or other school personnel through conduct or communication regarding race, religion, sex, sexual orientation, gender identity, disability, national origin, maternity, veteran status, or age as defined by this policy.

1. For purposes of this policy, school personnel include school board members, school employees, agents, volunteers, contractors, or persons subject to the supervision and control of the District.

C. The District will act to investigate all complaints, either formal or informal, verbal or written, of harassment, discrimination, or violence concerning race, religion, sex, sexual orientation, gender identity, disability, national origin, maternity, veteran status, or age, and to discipline or take appropriate action against any student, teacher, administrator, or other school personnel who is found to have violated this policy.

D. The effective education of students requires a school environment in which students feel safe and secure. Harassment, discrimination, or violence toward students, teachers, administrators, and other school personnel on the basis of race, religion, sex, sexual orientation, gender identity, disability, national origin, maternity, veteran status, or age whether by other students, or employees impairs the proper atmosphere for education, and creates an inequitable climate for learning.

E. The Board of Education therefore forbids harassment, discrimination, and violence against any student or employee on the basis of race, religion, sex, sexual orientation, gender identity, disability, national origin, maternity, veteran status, or age and will not tolerate such behavior if it occurs student to student, student to employee, employee to student, or employee to employee.

1. These policies apply to behavior that occurs while on school property, in a school bus/vehicle, or at a school activity, bus stop, athletic or school event.

- F. In addition to its negative effect upon education, such harassment, discrimination, and violence negatively affects the character of young people, both the perpetrators and the victims of harassment. This is particularly so in view of the special vulnerability of students at different stages of their personal development. It is clear that such harassment, discrimination and violence, whether verbal or by other conduct, can create stress and distraction, and upsetting feelings of fear, inferiority, or anger which are detrimental to the education of young people. Toleration of such actions is inappropriate behavior in school because it is inappropriate behavior in society.

All parties shall maintain confidentiality with regard to the proceedings and the resolution of the grievance shall not be made public unless agreed to by the grievant and the Superintendent, or unless the grievant pursues the matter beyond this policy. Nothing in this policy shall prevent the School District from using information from a grievance in defense of any legal action initiated against the School District, its administrators or employees.
6. Nothing contained herein shall be construed to limit in any way the ability of the School District and the grievant to resolve any grievance by informal means.
7. A grievant may terminate the process at any level if he or she indicates in writing a desire to do so, accepts the resolution at that level, or fails to pursue his or her grievance by filing at the next level within the specified time limit.

M. GMCS Social Media Protocol

1. At Gallup-McKinley County Schools (GMCS), we understand that social media can be a fun and rewarding way to share your life and opinions with family, friends and co-workers around the world. However, use of social media also presents certain risks and carries with it certain responsibilities. To assist you in making responsible decisions about your use of social media, we have established these guidelines for appropriate use of social media.
2. Guidelines
In the rapidly expanding world of electronic communication, social media can mean many things. Social media includes all means of communicating or posting information or content of any sort on the internet, including to your own or someone else's web log or blog, journal or diary, personal web site, social networking or affinity web site, web bulletin board or a chat room as well as any other form of electronic communication. Three basic beliefs apply to your activities online.
 - a. Ultimately, you are solely responsible for what you post online.
 - b. Before creating online content, consider some of the risks and rewards that are involved.
 - c. Keep in mind that any of your conduct that adversely affects your job performance, the performance of other employees or otherwise adversely affects students, parents, or people who work on our behalf may result in disciplinary action, up to and including termination or discharge.
3. Know and follow the rules.
Carefully read these guidelines and ensure your postings are consistent with our policies. Inappropriate postings that may include discriminatory remarks, harassment, and threats of violence or similar inappropriate or unlawful conduct will not be tolerated and may subject you to disciplinary action, up to and including termination or discharge.
4. Be respectful.
Always be fair and courteous to fellow employees, parents, students or people who work on our behalf. Also, keep in mind that you are more likely to resolve work related complaints by speaking directly with your co-workers or by utilizing our Grievance Policy than by posting complaints to a social media outlet. Nevertheless, if you decide to post complaints or criticism, avoid using statements, photographs, video or audio that reasonably could be viewed as malicious, obscene, threatening, intimidating, or that disparage others or that might constitute harassment or bullying. Examples of such conduct might include offensive posts meant to intentionally harm someone's reputation or posts that could contribute to a hostile work environment on the basis of race, sex, disability, religion or any other status protected by law or district policy.

5. Be honest and accurate.

Make sure you are always honest and accurate when posting information or news, and if you make a mistake, correct it quickly. Be open about any previous posts you have altered. Remember that the internet archives almost everything; therefore, even deleted postings can be searched. Never post any information or rumors that you know to be false about GMCS, fellow employees, students, parents or people working on our behalf. Express only your personal opinions. Never represent yourself as a spokesperson for GMCS. If GMCS is a subject of the content you are creating, be clear and open about the fact that you are an employee and make it clear that your views do not represent those of GMCS, fellow employees, students, parents or people working on our behalf. If you do publish a blog or post online related to the work you do or subjects associated with GMCS, make it clear that you are not speaking on behalf of GMCS. It is best to include a disclaimer such as "The postings on this site are my own and do not necessarily reflect the views of GMCS."
6. Using social media at work.

Refrain from using social media or GMCS equipment during working hours, unless it is work-related as authorized by your supervisor. Do not use GMCS email addresses to register on social networks, blogs or other online tools utilized for personal use.
7. Retaliation is prohibited.

GMCS prohibits taking negative action against any employee for reporting a possible deviation from this policy or for cooperating in an investigation. Any employee who retaliates against another employee for reporting a possible deviation from this policy or for cooperating in an investigation will be subject to disciplinary action, up to and including termination or discharge.
8. Media contacts.

Employees should not speak to the media on behalf of GMCS without contacting the Public Relations Department. All media inquiries should be directed to them.
