

# OPPORTUNITY CAREER CENTER

GALLUP-McKINLEY COUNTY SCHOOLS

**Skills. Experience. Certifications.**

## GET YOUR HANDS ON EXPERIENCE WITH US!

**Opportunity Career Center (OCC)** is a new program offered to 10th to 12th grade students in Gallup-McKinley County Schools. Students who enroll will have the opportunity to attend and receive hands-on vocational training in the pathway of their choice. OCC currently offers a hospitality pathway focusing on culinary arts as well as construction pathway focusing in carpentry. In addition, students will take a business course tied to their pathway. Students will have opportunities to network with their peers, attend vocational field trips, and compete in skills competition.

- Complete advanced projects with professional equipment.
- Learn real technical skills to prepare for future career.
- Earn pathway employment certificates in high school (OSHA 10, Food Handler permit).
- Transportation is provided to and from our facility.
- Attend and graduate with your home school.
- Participate in CTSO and skills competitions across the state aligned with the pathway.
- Opportunity for paid internship
- Receive your own set of tools.

Engage in a comprehensive hands-on training environment to learn skills needed for a successful career in the construction industry. This program focuses on transferable skills and emphasizes the understanding of all aspects of carpentry.
